Allowance

1. Examiner has reviewed and considered Applicants comments as indicated on page 10 of Applicant's response dated 11/23/2004 and per Applicant's comments, regarding claims 6, 7, 10, 16, 17, 18, 20, 22 – 27, 31 – 44 claims are now in condition for allowance.

The following is an Examiner's statement of reasons for allowance. The prior art of record does not teach or fairly suggest at least:

A method of executing computer instructions by a virtual machine that includes an interpreter, comprising: "converting, at load time prior to execution time... wherein said converting further comprises: ... executing by said interpreter at execution time the first command with the at least one data parameter value when said determining determines that the first command has an associated data parameter value thereby executing the first command without processing the constant pool at execution time in order to determine the at least one data parameter value needed to execute the first command.", as best illustrated by Fig. 3 and in such a manner as recited in independent claims 16, 31 and 38.

Therefore, claims 6, 7, 10, 16 – 18, 20, 22 – 27 and 31 – 44 are in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
